Voluntary Results Feedback Form

➤ I am an examiner in Workgroup: Example: 3620 (optional)

➤ Relevant prior art **found**, search results used as follows:

- ☐ 102 rejection
- ☐ 103 rejection
- ☐ Cited as being of interest.
- ☐ Helped examiner better understand the invention.
- ☐ Helped examiner better understand the state of the art in their technology.

Types of relevant prior art found:

- ☐ Foreign Patent(s)
- ☐ Non-Patent Literature
(journal articles, conference proceedings, new product announcements etc.)

➤ Relevant prior art **not found**:

- ☐ Results verified the lack of relevant prior art (helped determine patentability).
- ☐ Results were not useful in determining patentability or understanding the invention.

Comments:

Detailed Description

Detailed Description

... aspect, not satisfactorily solved by any of the above
proposed solutions are the laws regarding personal data handling
which impose
on database managers the obligation to guarantee data accuracy to those
3 0 interested as well as obtain consent for use of the personal
information .

SUMMARY

The present application is directed to system and method for providing
structured processing of...

Detailed Description

Detailed Description

... To further exacerbate the situation, the qualifications stated by each candidate on his or her resume should be verified for accuracy. Given this daunting task, errors are often made. As a result of these errors, some qualified candidates may be rejected while some unqualified candidates may be accepted
